

# We care

## A token of affection to Sichuan

A catastrophe can break our hearts but not our souls. Livid images of children deprived of shelters and families, military rescuers and medical professionals fighting fearlessly at the forefront, relief volunteers working incessantly, are constantly reminding us of the humanitarian touch to care for each other.

A Card of Caring Words, a small Token of keepsake, will bring along our tending hearts to the people in turmoil. To encourage the streams of hearty support gather and flow constantly, Hallmark Cards (HK) Limited and its suppliers have committed to jointly organize and sponsor greeting cards and a small token of gifts for this event.

Express your blessings to the students in woes and plight, and your accolades to the relief workers with love and might!

The volunteers of Green Field Foundation in Hong Kong and China will deliver Your Card of Caring Words and Token in batches to the hands of the students and relief workers at the afflicted areas.

A portion of the greeting cards are distributed to students through their schools free of charge. For the general public, each FOC card written you need to donate at least **HK\$10** to Greenfield Foundation Limited. All donations will be allotted to the “**Care for Tomorrow**” program which aims to rebuilding schools and facilities, and providing relief efforts to the minors affected by the calamity in the quake region. Please visit [www.gff.com.hk](http://www.gff.com.hk) for more information.
