

“Care for Tomorrow”

Building A Post Earthquake Life for Afflicted Children

The earthquake that struck Sichuan had shaken the heart of everyone. It was grief-stricken to see the news and pictures of the destroyed schools and buried children. While rescue teams are putting their full efforts in saving lives, please join us to help surviving children to rebuild their future.

Green Field Foundation* (www.gff.com.hk) has got support from China Literacy Foundation* (www.clfl.org) and other volunteer groups and charity organisations in China to focus on post earthquake projects for afflicted children and students.

All donations will be used entirely and solely for the “Care for Tomorrow” program. The program focuses on rebuilding and sustainable efforts for children and youngsters in the earthquake-hit areas. Sub-programs may include:

- 1.Rebuilding damaged schools;
- 2.Long-term education sponsorship;
- 3.Long-term sponsorship for orphans;
- 4.Continuous medical treatment for afflicted children; or
- 5.Other programs that benefits children & youngsters

Funds received will be allocated to different sub-programs accordingly which will be commenced after emergency rescue works are finished. Please share our spirits by donating to the “Care for Tomorrow” program.
